## California Attractions

## Be at the center of it all!

Adventist Health places you within hours of some of the best entertainment and attractions in the world. We want to make sure you can:

**Live, work, play in Central California.**

Located between the breathtaking Sierra Nevada Mountains and the breezy Central California Coast, our network offers an engaging place to work and play. We are a non-profit, four facility, community hospital system with over 50 licensed hospital based clinics throughout Central California, exceeding 1 million patient interactions a year. We offer a broad scope of services to our rural community empowered by an organizational commitment to patient-centered, whole person quality care. Central Valley Network is continuing to grow and enhance the services offered to our diverse patient population.
